

Installation Instructions

Model E21360-61BK

1. Turn breaker off for circuit on outlet where fixture is to be installed.
2. Install mounting bracket to electrical box.
3. Wire fixture to wires in outlet box. Green wire is for Ground.
4. Install fixture to bracket and tighten 2 nuts so that fixture meets the ceiling.
5. If additional fixtures are to be installed then mount in desired pattern and run cord from additional through knockout provided to main fixture on outlet.
6. Wire all fixtures together. Maximum 8 fixtures on one circuit.

These fixtures contain dimmable drivers and can be dimmed using any triac dimmer. We recommend Lutron CL series dimmers for maximum performance.
